BORN—At the Raymond Private Hospital, to the wife of Mr. E. R. Kennedy, of Coultis, a daughter.

Take your friends in the Bowling alley, for a game this afternoon.

From many sources received from various sources the past few weeks, it will be seen that the comedy, "The Climax," is a strictly first-class attraction, with more originality that has visited us in several seasons. It remains to be seen how the efforts of the local theatre management will be appreciated.

The Bowling Alley will be open today under the management of Mr. Jas. Dunn. Mr. Dunn will run the alley this summer and says that he intends to run a clean house which will be suitable for ladies to play in.

On Wednesday morning a little delay was caused in the opening of the Hub Co's. Store, as in attempting to open the door the key broke in the lock. After many unsuccessful attempts to get entrance was gained from one of the cellars and the store was opened.

The friends of Mr. and Mrs. Geo. T. Wride are pleased to learn that they have moved back to Raymond in time, having sold their interests at Warner.

The Knight Sugar Company, closed the factory down on Monday morning, owing to there being so much sand in the canal which furnishes the factory with water. The management do not know when they will continue the run.

Mr. Spencer Young received a Telegram early in the week stating that the operation, Miss Ethlyn Young was to have gone under had been averted and that she was improving at Lethbridge.

Drop Mormons in the Sea

London, April 25th.—Father Bernard Vrughan, the noted Jesuit, in a sermon spoke in strong terms of the work of the Mormon missionaries in England in sending women and young girls to the colonies of the sect in Utah and other American states. Among other things, Father Vaughan said: "Fancy a country like this calling itself Christian and tolerating these mormons. They should be taken by the scruff of the neck, rushed across our island, and dropped in the sea."

BIG TIME AT MAMMOTH

Mammoth, April 22nd.—A never-to-be-forgotten Dance was given at the Mammoth School House on Friday evening last by the Kirkcaldy Cowboys. There were present people from Lethbridge, Stirling, Warner, New Dayton, Raymond and Mammoth, also riders from the surrounding ranches. The Dance commencing at 9 o'clock and continued until the "Wee small hours." Five members of the Raymond Oper. House Orchestra furnished the music, and a good time was had by all present. The Kirkcaldy boys are to be congratulated on the good time they showed the visitors, which proved that there was nothing slow about them. Come again boys.

Knight Academy Notes.

Several of our boys must have been studying medieval history, when it was fashionable for monks to shave their heads.

Work is progression with the circular for next year. It is planned to issue it along in May or the forepart of June.

It will be pleasing news to the public to know that all the teachers, with us for the past year, will remain with the institution for at least another year. This speaks well for the Academy, as also well for our dear land of Canada.

With your permission, Mr. Editor, we will publish, about next week, a complete program of commencement week, beginning on Monday, May 26. Give us a double-column front page position, please.

The classes have under systematic headway their several programmes for commencement week. The Juniors, true to their fixed purpose of ultimate leadership, handed in their programme more than a week ago. And a good one it is!

Bishop D. E. Harris, Cardston, paid us a pleasant visit on Tuesday last. At chapel the Bishop delivered a forceful talk upon the influence of Mormonism as a factor in education. "The people of the world," said he, "will yet come to Mormon colleges to learn the correct interpretation of the sciences."

The Faculty have selected, after considerable discussion, the following students to represent their respective classes on the regular commencement programme: The Seniors, Miss Zella Johnson to give a written proposition; The Preparatory Graduates, Ernest Bohneto deliver an address to his fellow graduates.

Why not plant trees upon Academy grounds? Arbor Day, that's the thing.

Mayor Young promises us a suitable walk from Broadway to Academy grounds before the opening of school in September. Shake, Mr. Mayor.

The last contribution to the library namely, 20 volumes of the Americana by James E. Ellison and Raymond Knight, was a magnificent addition. We still need books along the lines of fiction, biography, archaeology, etc.

Coal: coal give us coal that we may dwell! will soon be our cry, unless the coal miners go back to work soon.

Let the Academy set the pace in beautifying grounds, etc. in keeping with the universal purpose of making Raymond a clean, beautiful, attractive centre for students. And why not?

While our numbers may be few, the students, with rare exceptions are veritable trojans at work. By the way, finals are near at hand, while we may account for this bee-line character of our life.

Patron-Teachers meeting at the Public School House this afternoon all are invited to attend.

Destroyed by Fire

(Lethbridge Herald April 24th) Fire completely gutted the residence of A. J. Hudson, Magrath at about five o'clock this morning and his wife and family had not enough time to get any clothes and were only able to escape in their night clothes.

The house was one of the best in Magrath and the occupants were very lucky in escaping with their lives.

The loss amounted to \$1,400.00 and is partly covered by insurance. All the furniture but a few pieces that they were able to get out of the parlor was destroyed. The fire is supposed to have started in the roof and it was not until Mr. Hudson heard the crackling of the fire that the family was aware that their home was ablaze.

The Eckhardt Company

A large house greeted Oliver J. Eckhardt and his strong company in the great ambition drama, "A Wicked Woman" on Monday night last at the Opera House.

The play had plenty of plot and a nice love story connected thereto. Miss Ethel Tucker played the leading part as "Stephanie De Mourville" in a way that pleased all present. Mr. Oliver J. Eckhardt, played the part of "Prince Malotti" in a way that gave him much credit as an English gentleman.

The Eckhardt company is one of the best that have been here some time, and all were good from the leading lady to the servant.

One of the features of the play Monday night was the fine dresses worn by the female members of the company, which were very attractive to the ladies as well as the men.

"Are You A Mason?" was played by the company on Tuesday night, and proved to be one of the best Comedies that has ever been played here, and was a continual laughter from start to finish. Mr. Oliver J. Eckhardt, as Almer Packard caused laughter from his first appearance on the stage until he went off, and played so natural and smoothly that he kept the audience in constant laughter. The remainder of the company played very good.

This is the first time this company have played at Raymond and should they come again would receive a much better house.

This company will play at Cardston tonight and will give the theatre goers of that town a treat also.

FOR SALE—500 five year old shade trees at 75 cents each. J. W. Wilson

BIG BAND MEETING

A meeting of the Raymond Military Band was held at the Knight Academy, on Saturday evening last. The purpose of the meeting was to decide whether the Military Band would join the Academy Band or continue as the Raymond Military Band. After discussing the matter for a time it was decided by a unanimous vote of the members, that they should continue as the Raymond Military Band but should work in harmony with the Knight Academy. Mr. S. S. Newton was honorably released as Conductor, the other officers were to remain in their positions. Mr. O. P. Ursebach was elected as Conductor, and other new members sustained. The officers of the Band are as follows: Geo. H. Budd, President; Uriel O'Brien, Manager; O. P. Ursebach, Conductor; and Royal Owen, Sec. Treas.

The subject of a Band Stand was discussed thoroughly, a committee was elected to see what the Town Council to see what could be done, in regard to this matter. The boys were very enthusiastic, and if they keep up the spirit, there will be "something doing" this summer in the musical line.

Does your wife love amusement? Do you? Then send her out for an evening, or what's the matter with you concerning her to see that enjoyable comedy "The Climax." You will enjoy it, and it will remove that tired look from your face. You will both feel better, having seen it.

PROCRASTINATION.

The wisdom of prompt action was lately demonstrated in rather a pathetic way. Two sisters had listened to an address directing attention to the Canadian Government Annuities system as an opportunity for safe investment to people of small means, and with the result that both resolved to take advantage of it immediately. Each had the sum of \$2,000 invested in the stock of a certain Bank. The younger sister, aged 65, did not delay, but at once sold her stock and made the purchase and is now in receipt of an income of over \$50 quarterly, the first instalment of which was paid to her three months after the purchase had been made. This gives her for life an income equal to 10 per cent on the amount invested. The elder sister intended to follow her example, but unfortunately on the advice of Mr. Knowall, put off doing so until it was too late. The Bank failed and her savings of a life time were swept away as in a twinkling of an eye. But not only was her \$2,000 lost, but she became indebted to the bank under the double liability clause in the sum of \$2,000. Had she invested the amount as did her sister would have had an income so matter how long she lived of \$25 a year.

Further information may be obtained on application to your Postmaster, or to the Superintendent of Government Annuities, Ottawa, to whom all letters go free.

CORPORATIONS.

The greatest danger menacing Republican institutions today is the over-riding control of city, state and national legislation by the enormous use of the wealth and power of public service, industrial and financial corporations. The influence which rules may be traced to the close association of political and corporate power. It is a complete system. It defrauds the people, defeats legislation in the public interests and passes laws for the special interests. The only power that can save the government from these corrupting interests is direct nomination, the initiative and the referendum and the recall. They are all expressions of the citizens' desire to wrest legislation from corporate control and restore it to the people.—Senator La Follette.

CUSTOM.

One cannot bear to pay for articles he used to get for nothing. When Adam laid out his first penny upon nonpareils at some fruit stall in Mesopotamia I think it went hard with him, reflecting upon his old goodly orchard where he had so many for nothing.—Lamb.

STRIKES.

The impression of the prevalence of strikes is exaggerated. Most persons fail to recognize that they are exceptional. The average workman loses less than one day a year in this way. A strike lasts just twenty-three days on the average, and the average employer carries on his business just thirty years without a strike. It can no more be said that labor unions desire strikes because they are ready for them than that the United States wants war because it has a large fleet and army. Unionism has made its mistakes, but the life of man is short and evolution is sure. There will be the ebb and flow, and the movement is onward and upward.—John Mitchell.

PATRIOTISM.

Breathes there the man with soul so dead,
Who never to himself hath said,
This is my own, my native land—
Whose heart hath ne'er within
him bled
As home his footsteps he hath trod
From wandering on a foreign
shore?
For him no minstrel raptures swell,
High though his titles, proud his name,
Roundless his wealth as wish
can claim—
Despite these titles, power and pelf,
The wretch, concentrated all in self,
Lies, shuddering forebode fair renown
And, doubly dying, shall go down
To the vile dust from whence
he sprang
Unwept, unhonored and unsung.
—Sir Walter Scott.

GRAFT.

No city can be injured by the employment of the people's taxes. To do otherwise is to encourage the will of the officials for the laws of the people, and that is tyranny. No state can be hurt by expending grafting. To do otherwise is to commit it to it. There is no secret remedy known for evils of this character. They cannot be cured by hiding the name. The disgrace is not in the correction, but in submission to them with supine indifference. It is well for a state to display its virtues and not to make its faults, but it should not so forget that the highest civic virtue is the overthrow of depravity.—Joseph W. Folk.

TRUTH.

Truth is as impossible to be sold as my outward touch as the sunbeam.—Milton.
The true use of speech is not so much to express our thoughts as to conceal them.—Olivier Goldsmith.
And he that does one fault at first
And lies to hide it makes it two.
—Isaac Watts.

DARING.

He either fears his fate too much
Or his deserts are small
Who dares, not put it to the touch
To gain or lose it all.
—Marquis de Montrose.
